## BIG SHEEP MEN IN OGDEN

Are Arranging for Exhibit of Valuable Breeds at the Show to Be Held in That City.

(Special to The Herald-Republican.)  
Ogden, Dec. 13.—Arranging for the exhibition of some of their pure bred sheep, State Senator John H. Seely and W. D. Candler of the state land board are in Ogden, and will remain here until after the Wool Growers' convention and sheep show.

They have just returned from the International Livestock show in Chicago, where they purchased several valuable breeds of sheep, which they will enter in the coming Ogden sheep show. Mr. Seely paid \$50 for one Rambouillet buck, and \$30 for a ewe of the same breed. Seely owns, it is said, the largest flock of registered Rambouillet sheep in the world.

That the Ogden show will attract national attention and that many of the largest prize winners at the international exposition will be here with their special breeds is the belief of these men.

## DANCING IS DENOUNCED

Baptist Minister Declares It Is Leading Youthful to Sure Ruin in Scathing Sermon.

(Special to The Herald-Republican.)  
Ogden, Dec. 13.—Denouncing dancing as the inevitable source of immorality among the young, the Rev. H. D. Zimmerman, pastor of the Baptist church here, delivered a scathing sermon on the evil from his pulpit last night. Declaring that it was time the public sounded a warning to parents throughout the land against "this surest path to youthful ruin," the speaker, with illustrations and figures attempted to show wherein lies the evil influences of the dance.

Referring to those passages in the Bible which approve of the torchlight art, the speaker said that they referred only to dancing of the separate sexes, and that for the opposite sexes to indulge in the light fantastic together was one of the gravest offenses.

## ADMINISTRATOR IS DEAD; A NEW PETITION FILED

(Special to The Herald-Republican.)  
Ogden, Dec. 13.—Asking that they be named as executors and that the will be admitted to probate, John A. Boyle and Wallace Boyle petitioned the district court today in the matter of the will of Eliza Boyle. The estate is valued at \$500 in real estate and personal property. The will, bearing the date of April 23, 1902, named McLaren Boyle as administrator, but as McLaren Boyle is now deceased, the petitioners ask that they be named executors.

## PROTECTION OF HORSES IS ORDERED BY POLICE

(Special to The Herald-Republican.)  
Ogden, Dec. 13.—The local police have received orders to enforce the ordinance requiring teamsters and owners of horses to blanket their animals when left standing any length of time. Failure to blanket horses comes within the provision of the law prohibiting cruelty to animals.

## REPORT CATTLE HEALTHY

Government Experts Find Little Tuberculosis Among Stock in Valleys.

(Special to The Herald-Republican.)  
Ogden, Dec. 13.—Dairy cattle of Weber and Ogden valleys are among the healthiest in the world, according to Professor S. D. Brimhall of the bureau of animal industry at Washington, who for a week past has been conducting wholesale inspection for tuberculosis infection among the milk cows of Ogden and vicinity. A remarkably low percentage of infection is reported from all districts and the general average will run below 5 per cent, he says. In view of the fact that it is common thing in eastern states to find as high as 20 and 30 per cent infection, the dairymen here are to be congratulated, states Dr. Brimhall.

For the last three days Dr. Brimhall, with two assistants, has been working south of Ogden along the valley of the Weber. Towards the end of the week his assistants will start an inspection of cattle in Ogden valley, which lies over the mountains to the east. Dr. Brimhall has returned to Salt Lake to take up work there, but the work will be carried on for the next thirty days under the supervision of Drs. Barnhart and Huffman.

## MAKES DENIAL OF RUMOR

Report of O. S. L. Segregation Is Declared to Be Erroneous.

(Special to The Herald-Republican.)  
Ogden, Dec. 13.—Concerning the report that General Manager W. H. Bancroft of the Oregon Short Line had gone to New York for the express purpose of conferring with Harriman on the subject of segregating the Short Line from the transcontinental management of the Union Pacific, Southern Pacific and Oregon Short Line, known as the Harriman system, E. C. Manson, superintendent of the Utah division of the Southern Pacific, entered an emphatic denial today. He said: "There is absolutely nothing in the rumor of segregation. Mr. Bancroft has been called out in matters connected with the merger and freight rate cases now being tried in the courts."

## FIRST OF A MUSICAL SERIES GIVEN TODAY

(Special to The Herald-Republican.)  
Ogden, Dec. 13.—The first of a series of musicals will be given tomorrow morning at 11 o'clock in the assembly room of Weber academy, under the direction of Prof. Joseph Ballantyne of Weber academy. The academy choir of 100 voices will be heard, and the school orchestra will perform in double numbers.

In addition to these the best of local talent has been secured for the affair and no admission charge will be made.

## THREE COUPLES FOLLOW CUID.

(Special to The Herald-Republican.)  
Ogden, Dec. 13.—Marriage licenses were issued to three couples from the county clerk's office today. They were Frank Wadsworth, Riverdale, and Ivy Della Teague, Morgan; Frank Potter and Nellie Bryant, both of Salt Lake; Charles L. Goldington, Minturn, Cal. and Anne Pearl Kaufmann, Abelen, Kan.

## JUDGE HOWELL IN LOGAN.

(Special to The Herald-Republican.)  
Ogden, Dec. 13.—Judge J. A. Howell of the Second district court went to Logan today to preside in a case in the First district in which Judge W. W. Maughan is disqualified. He will not return until Wednesday.

"Royal" State Bread Depot  
Open 3 to 5 p. m. daily. Entrance on Third South. Good bread very cheap.

## NEW THEATRE IS OPENED

R. A. Haywood Makes Opening Address at Orpheum's Initial Performance.

(Special to The Herald-Republican.)  
Ogden, Dec. 13.—The new Orpheum theatre here, built by John Cort, was opened tonight. The opening play was "Commencement Days." R. A. Haywood delivered an interesting address, in which he referred briefly to the political troubles and scandals which have been heard around Ogden for some time, and expressed a wish that all such scandals in the future would be confined to the stage jokes of visiting players.

The house was packed to the doors with Ogden society, many box parties being present, and altogether the affair was a great success.

## THIEVES INVADE BURNED DISTRICT

Goods Valued at \$1,000 Stolen at Scene of the Park City Fire.

(Special to The Herald-Republican.)  
Park City, Dec. 13.—Thieves, ever ready to grasp an opportunity to loot and destroy, invaded the small burned section of this city following the disastrous fire in the Maple Hall block last night and stole jewelry, clothing, toys and other articles to the value of \$1,000 or more. C. E. Fountain saved a \$4,000 stock of jewelry from the flames in the Maple Hall block, only to lose \$300 worth of it last night, when thieves went through the stock and took their pick of trinkets. Over \$300 worth of clothing was taken from the stock of the Julius Frankel clothing store, and W. R. Jeffords lost about \$300 worth of toys and other articles from his stock of general merchandise.

A number of strangers were arrested on vagrancy charges today and they will be held pending an investigation. William Collins, who had the arteries of his left wrist badly cut while trying to batter down a door of the burning Maple Hall building, was operated upon at the Miners' Union hospital this afternoon. His injuries are not serious. Three others who were slightly injured are being cared for at the hospital, their injuries consisting of slight burns and bruises.

The report that a man had perished in the fire at the Maple Hall premises house is erroneous. A thorough search of the ruins today failed to disclose any evidence of a man having been burned to death. A belief that the fire was sufficiently strong to have incinerated a body. A chambermaid in the hotel states that she observed everybody in the house and saw the last man leave before she herself left the building.

## INFIRMARY IS IMPROVED

San Pete County Spends \$10,000 on Structure for Dependents.

(Special to The Herald-Republican.)  
Ephraim, Dec. 13.—Extensive improvements are now being made on the county infirmary located at Fairview. The work which is under way will cost \$10,000 when finished, or an amount equal to the original cost of the building. The new addition consists of a large wing on the east side nearly the whole length of the building. It contains a kitchen, dining room for the male and female inmates, toilet, bath rooms and halls.

The addition will also provide two rooms for inmates and an additional room for the overseer's family on the lower floor. On the upper floor there will be closets, bath rooms and two rooms for each sex. Hereafter there will be two distinct departments—one for the men and one for the women. The entire building, including the new steam and hot water heating system, will contain an independent water system. When completed the building will easily accommodate 45 inmates. There are now 15 inmates at the institution as against 25 last year.

## MURRAY NOTES.

Whether or not Murray will pay Thomas Smith, the Midvale resident, \$7,500 will be discussed at the meeting of the city council tonight. The city attorney will make his report, showing whether or not it was due to the negligence of the city officials that Mr. Smith sustained his injuries.

The case of T. V. Fellows, who owns a strip of property fronting on the new street, and who demands the sum of \$1,000 for his strip of property, will be taken up.

The large gang of laborers on the Murray line were discharged yesterday morning, there being no more work in that vicinity for them. The work of building the line to Simpson's corner, the limit of Murray, has been completed, and before the line can be extended to Midvale and Sandy it will be necessary for the Utah Light to get the sanction of the county commissioners.

## WOMAN IS SENTENCED TO THE STATE PRISON

(Special to The Herald-Republican.)  
Provo, Dec. 13.—Mrs. Elizabeth Moore of Salt Lake, who, with A. J. Morris, was convicted of adultery before Judge J. E. Booth some time ago, was today sentenced to serve thirty days in the state penitentiary. Her parol was now serving a three-year sentence in the same institution.

Mrs. Moore had appealed the case to the state supreme court, but as the judgment of the lower court was sustained, the case was remanded back to Judge Booth for sentence.

## CHILD IS INCORRIGIBLE.

(Special to The Herald-Republican.)  
Ephraim, Dec. 13.—The little child of John Shohl of Mt. Pleasant, who was recently committed to the State Industrial school, is said to be causing considerable trouble at that institution. The county commissioners recently received notice to remove the child, as she was beyond control. The commissioners will have her taken to the mental hospital at Provo.

## FUNERAL OF WALTER WARD.

(Special to The Herald-Republican.)  
Bingham, Dec. 13.—The funeral of Walter Ward, the conductor of a switching crew, who was killed on the Denver & Rio Grande railroad Saturday afternoon by being crushed between two cars, will be held at Society hall tomorrow afternoon at 1 o'clock, under the auspices of Bingham Lodge No. 10, I. O. O. F. Burial will take place in the Arlington cemetery.

## WORKMAN IS DECAPITATED

## AS TRAMWAY CABLE SLAPS

## Heavy Pipe Crushes Lehi Martensen Into Shapeless Mass in Rolling on Mountain.

(Special to The Herald-Republican.)  
American Fork, Dec. 13.—The first accident which has occurred in the construction work of the Utah County Light & Power company in nine years, took place near here today, when Lehi Martensen, a young man 22 years of age, of Pleasant Grove, was decapitated by a pipe weighing two and one-half tons rolling over him.

Martensen, who was working with a construction gang in the employ of the Utah County Light & Power company, was standing about five feet from the rear of a heavy pipe which was being taken up the mountain on a tramway, the cable of which is 4,800 feet long. The grade is from 20 to 30 per cent. The pipe had been taken about 4,800 feet up, when the cable parted, and Martensen was caught when the pipe started down hill, carried before it for about 100 feet, and then crushed beneath it. His head was practically cut from his body, only the skin of the left cheek holding, and was crushed beyond recognition. No blame can be attached to any of the workmen for the accident, as every precaution had been taken to see that

nothing would give way, but a great deal of criticism is heard concerning the small cable used to carry the heavy loads. The body has been taken to the undertaking establishment of Stephen Anderson at this place, and attempts are being made to sew the pieces of the head together.

The victim was the son of Martin Martensen of Pleasant Grove, but who is working at present in a livery stable of Salt Lake. He has four brothers, who also work in Salt Lake, and he had been living at his home in Pleasant Grove with his mother, who is prostrated from the shock of her son's terrible death. Arrangements for the funeral will be made as soon as his father returns from Salt Lake.

## BOX ELDER JURY LIST

Commissioners Appointed by Judge Maughan Make Selections for 1910.

(Special to The Herald-Republican.)  
Brigham City, Dec. 13.—The jury commissioners appointed by Judge W. W. Maughan to draw a jury list to serve during the coming year completed the work Saturday, and the following Box Elder citizens were chosen:
